Bike Handle Trimmer

Series 4134

Professional Use

If you need a powerful and tough trimmer or brushcutter, this is it. With a high power-to-weight ratio and superior torque, the FS 250 bike handle trimmer will cut its way out of saw grass, Bahia grass and heavy brush—without bogging down in tough conditions.

NOTE: Barrier bar and large deflector must be attached when using a grass blade with loop handle.

Standard Features

- IntelliCarb™ compensating carburetor
- Vertical pleated air filter
- High power-to-weight ratio
- Landscaper tough design
- Soft grip handle
- Solid steel drive shaft
- ElastoStart™ starter handle, fuel primer bulb and electronic ignition

ENGINE POWER	1.6 kW (2.15 bhp)
WEIGHT*	6.3 kg (13.9 lbs.)
FUEL CAPACITY	640 cc (21.6 oz.)

*Weight without cutting attachment or deflector.

IMPORTANT INFORMATION

WARNING! Improper use of any trimmer/brushcutter can cause serious or fatal injury. Read, understand and follow all safety instructions in your instruction manual. To reduce the risk of injury from blade contact, circular saw blades may be used on FS brushcutters that have a limitstop, a bicycle handle and double shoulder harness and not on FS brushcutters with a "J" handle or loop handle. Other rigid blades may be used on FS brushcutters having a bicycle handle, a "J" handle or a loop handle equipped with a barrier bar. To reduce the risk of eye injury always wear proper eye protection. Always use the appropriate deflector for the type of cutting attachment, as explained in your instruction manual.

WARNING! Improper use of any power tool may cause serious or fatal injury. Read, understand and follow carefully the operating and safety instructions in your instruction manual before using such products.
