### Loop Handle Trimmer

#### Series 4134

#### Professional Use

Ideal for right-of-way work and other heavy-duty landscape uses, the loop handle FS 250 R STIHL trimmer has a high power-to-weight ratio and a landscaper tough design—so it's built for the demanding jobs. With a solid steel drive shaft and soft grip handle, this trimmer offers a durable but comfortable feel.

**NOTE:** Barrier bar and large deflector must be attached when using a grass blade with loop handle.

### Standard Features

- IntelliCarb™ compensating carburetor
- Vertical pleated air filter
- High power-to-weight ratio
- Landscaper tough design
- Soft grip handle
- Solid steel drive shaft
- ElastoStart™ starter handle, fuel primer bulb and electronic ignition

ENGINE POWER	1.6 kW (2.15 bhp)
WEIGHT*	6.0 kg (13.2 lbs.)
FUEL CAPACITY	640 cc (21.6 oz)

\*Weight without cutting attachment or deflector.

### IMPORTANT INFORMATION

**WARNING!** Improper use of any trimmer/brushcutter can cause serious or fatal injury. Read, understand and follow all safety instructions in your instruction manual. To reduce the risk of injury from blade contact, circular saw blades may be used on FS brushcutters that have a limitstop, a bicycle handle and double shoulder harness and not on FS brushcutters with a "J" handle or loop handle. Other rigid blades may be used on FS brushcutters having a bicycle handle, a "J" handle or a loop handle equipped with a barrier bar. To reduce the risk of eye injury always wear proper eye protection. Always use the appropriate deflector for the type of cutting attachment, as explained in your instruction manual.

**WARNING!** Improper use of any power tool may cause serious or fatal injury. Read, understand and follow carefully the operating and safety instructions in your instruction manual before using such products.

**STIHL products sold through U.S. STIHL dealers are for distribution in the United States only.**
