Brushcutter/Clearing Saw

Series 4134

Professional Use

This brushcutter and clearing saw has a rugged design for a reason. Made for professional jobs like mowing tough grass or clearing heavy vegetation, the STIHL FS 350 trimmer has what it takes to help you tame that large area of terrain. With an ergonomic design, and a high power-to-weight ratio, this brushcutter will take care of heavy clearing jobs—all while absorbing engine vibrations for increased operator comfort.

Not available in California.

Standard Features

- Rugged design

*Weight without cutting attachment or deflector.	

IMPORTANT INFORMATION

WARNING! Improper use of any trimmer/brushcutter can cause serious or fatal injury. Read, understand and follow all safety instructions in your instruction manual. To reduce the risk of injury from blade contact, circular saw blades may be used on FS brushcutters that have a limitstop, a bicycle handle and double shoulder harness and not on FS brushcutters with a "J" handle or loop handle. Other rigid blades may be used on FS brushcutters having a bicycle handle, a "J" handle or a loop handle equipped with a barrier bar. To reduce the risk of eye injury always wear proper eye protection. Always use the appropriate deflector for the type of cutting attachment, as explained in your instruction manual.

WARNING! Improper use of any power tool may cause serious or fatal injury. Read, understand and follow carefully the operating and safety instructions in your instruction manual before using such products.

STIHL products sold through U.S. STIHL dealers are for distribution in the United States only.
