Brushcutter/Clearing Saw

Series 4116

Professional Use

Our most powerful STIHL clearing saw. Designed for forestry, municipal, or farm and ranch use, the FS 550 clearing saw has a rugged design, so it's built for demanding jobs. Sturdy and powerful enough to go where larger equipment can't, this tool is at the top end of our professional brushcutter and clearing saw series. With a high power-to-weight ratio, it doesn't get much better than this when it's time to tackle the tough jobs.

Standard Features

- Rugged design
- Four-point anti-vibration system with easily adjusted, soft-grip bike handle
- ElastoStart™ starter handle, flow-through primer and decompression valve
- High power-to-weight ratio
- Comfort shoulder harness with multi-position harness bracket
- Easy-adjust handle bar swivels for easy transport and storage
- **NOTE:** Technique and blade type influence stem diameter that can be cut.

IMPORTANT INFORMATION

WARNING! Improper use of any trimmer/brushcutter can cause serious or fatal injury. Read, understand and follow all safety instructions in your instruction manual. To reduce the risk of injury from blade contact, circular saw blades may be used on FS brushcutters that have a limitstop, a bicycle handle and double shoulder harness and not on FS brushcutters with a "J" handle or loop handle. Other rigid blades may be used on FS brushcutters having a bicycle handle, a "J" handle or a loop handle equipped with a barrier bar. To reduce the risk of eye injury always wear proper eye protection. Always use the appropriate deflector for the type of cutting attachment, as explained in your instruction manual.

WARNING! Improper use of any power tool may cause serious or fatal injury. Read, understand and follow carefully the operating and safety instructions in your instruction manual before using such products.
