STIHL Professional Series

Series 4137

Professional Use

You might be wondering how one of the lightest weight STIHL trimmers in our professional series can stand up to your tough jobs. It's because of its straight shaft design and superior power-to-weight. In other words, the FS 80 R grass and weed trimmer is rugged. Ideal for around the home, farm or ranch, its balanced loop handle design makes this trimmer perfect for professional use.

NOTE: Barrier bar and large deflector must be attached when using a grass blade with loop handle trimmer.

IMPORTANT INFORMATION

WARNING! Improper use of any trimmer/brushcutter can cause serious or fatal injury. Read, understand and follow all safety instructions in your instruction manual. To reduce the risk of injury from blade contact, circular saw blades may be used on FS brushcutters that have a limitstop, a bicycle handle and double shoulder harness and not on FS brushcutters with a "J" handle or loop handle. Other rigid blades may be used on FS brushcutters having a bicycle handle, a "J" handle or a loop handle equipped with a barrier bar. To reduce the risk of eye injury always wear proper eye protection. Always use the appropriate deflector for the type of cutting attachment, as explained in your instruction manual.

WARNING! Improper use of any power tool may cause serious or fatal injury. Read, understand and follow carefully the operating and safety instructions in your instruction manual before using such products.

STIHL products sold through U.S. STIHL dealers are for distribution in the United States only.
