Telescoping Pole Pruner

Series 4182

Professional Use

Don't let cutting those tough branches get the best of you. For those hard-to-get to trees, the HT 101 STIHL telescoping pole pruner will take you there. Powered by a low-emission engine, its shaft adjusts from 7 ft. 6 in. to 11 ft. 6 in. — allowing professionals to reach branches up to 16 feet above the ground.

Standard Features

- Powered by a proven low-emission engine
- Telescoping-shaft pole pruner
- Automatic bar and chain oiler
- Side-access chain tensioner
- 12" PMMC3 bar and chain

Optional Features

- Basket style carry harness (4138 710 9001)
- HT carrier support system (4182 790 4400)

IMPORTANT INFORMATION

WARNING! Risk of Electrocution: These tools are not insulated. Approaching or contacting electric power lines with tools may cause serious injury or death from electrocution. Electricity can jump from one point to another by means of arcing and/or may be conducted through damp branches. Maintain a clearance of at least 50 feet (15 meters) between the tools and any electrical line carrying live current. To reduce the risk of injury from falling objects, do not cut vertically above your head. Always wear a helmet and eye protection. Keep bystanders away. Use only STIHL authorized cutting attachments.

STIHL products sold through U.S. STIHL dealers are for distribution in the United States only.

WARNING! Improper use of any power tool may cause serious or fatal injury. Read, understand and follow carefully the operating and safety instructions in your instruction manual before using such products.
