Pole Pruner Series 4180 Professional Use

Put that ladder away for good. Designed with the same fixed length shaft as the HT 100 but with more power, the HT 130 STIHL pole pruner has a proven low-emission engine — great for heavier tree maintenance jobs. Well balanced, this tool is the best way to get the most out of your pruning tasks.

Standard Features

- Powered by a proven low-emission engine
- Fixed-shaft pole pruner
- Automatic bar and chain oiler
- Side-access chain tensioner
- 12" PMMC3 bar and chain

Optional Features

- 30° angled gearbox (4138 640 0201)
- HT carrier support system (4182 790 4400)

IMPORTANT INFORMATION

WARNING! Risk of Electrocutation: These tools are not insulated. Approaching or contacting electric power lines with tools may cause serious injury or death from electrocution. Electricity can jump from one point to another by means of arcing and/or may be conducted through damp branches. Maintain a clearance of at least 50 feet (15 meters) between the tools and any electrical line carrying live current. To reduce the risk of injury from falling objects, do not cut vertically above your head. Always wear a helmet and eye protection. Keep bystanders away. Use only STIHL authorized cutting attachments.

STIHL products sold through U.S. STIHL dealers are for distribution in the United States only.

WARNING! Improper use of any power tool may cause serious or fatal injury. Read, understand and follow carefully the operating and safety instructions in your instruction manual before using such products.
