Telescoping Pole Pruner

Series 4180

Professional Use

Need to cut a little higher? Quickly and easily get to those hard to reach branches with the adjustable shaft HT 131 STIHL telescoping pole pruner. With more power than the HT 101, this low-emission tool combines efficient long-reach capabilities with compact storage ability.

Standard Features

- Powered by a proven low-emission engine
- Telescoping-shaft pole pruner
- Automatic bar and chain oiler
- Side-access chain tensioner
- 12" PMMC3 bar and chain

Optional Feature

- HT carrier support system (4182 790 4400)

IMPORTANT INFORMATION

WARNING! Risk of Electrocution: These tools are not insulated. Approaching or contacting electric power lines with tools may cause serious injury or death from electrocution. Electricity can jump from one point to another by means of arcing and/or may be conducted through damp branches. Maintain a clearance of at least 50 feet (15 meters) between the tools and any electrical line carrying live current. To reduce the risk of injury from falling objects, do not cut vertically above your head. Always wear a helmet and eye protection. Keep bystanders away. Use only STIHL authorized cutting attachments.

STIHL products sold through U.S. STIHL dealers are for distribution in the United States only.

WARNING! Improper use of any power tool may cause serious or fatal injury. Read, understand and follow carefully the operating and safety instructions in your instruction manual before using such products.
