Series 1123 Occasional Use

Designed like the MS 230 and with more power than the MS 210, this chain saw's Easy2Start™ system allows for a virtually effortless jerk-free start. With the exclusive Quick Chain Adjuster and a high power-to-weight ratio, the MS 230 C-BE weighs in as a fully featured member of our occasional use series chain saws.

Standard Features

- Easy2Start™ system (E)
- Exclusive toolless Quick Chain Adjuster (QCA) for fast and easy chain adjustment (B)
- Toolless fuel and oil caps with retainers
- Purge pump primer
- Carburetor preheat shutter for summer/winter operation

STIHL recommends #3634 (26 RMC3 62) OILOMATIC® saw chain and 16" 3005 000 4713 Ematic™ guide bar combination.	

IMPORTANT INFORMATION

WARNING! The occurrence called "kickback" can cause serious or fatal injury. Always read the instruction manual carefully before using your saw. STIHL uses a green and yellow color-coding system to help you select a powerhead, bar and chain combination that complies with the kickback requirements of ANSI Standard B175.1 (gasoline-powered saws) and §30 of UL 1662/ ANSI Standard B175.1 (electric chain saws). Ask your STIHL dealer about safe operating procedures and the advantages of the STIHL Quickstop® chain brake, STIHL second chain braking system (Q), STIHL reduced kickback bars and STIHL low-kickback saw chains.

STIHL recommends the use of green reduced kickback bars and green low kickback chains on all STIHL chain saws.

WARNING! Improper use of any power tool may cause serious or fatal injury. Read, understand and follow carefully the operating and safety instructions in your instruction manual before using such products.

STIHL products sold through U.S. STIHL dealers are for distribution in the United States only.
