Series 1127

Mid-Range Use

More power than the MS 290? We told you we weren't messing around. With all the same features as the STIHL FARM BOSS®, the MS 310 has a price you'll love. This mid-range chain saw has an excellent power-to-weight ratio and provides all the advantages of a professional chain saw at a cost you can live with.

Standard Features

- Toolless fuel and oil caps with retainers
- IntelliCarb™ compensating carburetor
- Excellent power-to-weight ratio
- Adjustable automatic bar and chain oiler
- Carburetor preheat shutter for summer/winter operation
- Side-access chain tensioner
- Forged connecting rod with caged needle bearings (like professional saws)

STIHL recommends #3624 (33 RSC3 60) OILOMATIC® saw chain and 16" 3003 008 8913 Ematic™ guide bar combination.	

IMPORTANT INFORMATION

WARNING! The occurrence called "kickback" can cause serious or fatal injury. Always read the instruction manual carefully before using your saw. STIHL uses a green and yellow color-coding system to help you select a powerhead, bar and chain combination that complies with the kickback requirements of ANSI Standard B175.1 (gasoline-powered saws) and §30 of UL 1662/ ANSI Standard B175.1 (electric chain saws). Ask your STIHL dealer about safe operating procedures and the advantages of the STIHL Quickstop® chain brake, STIHL second chain braking system (Q), STIHL reduced kickback bars and STIHL low-kickback saw chains.

STIHL recommends the use of green reduced kickback bars and green low kickback chains on all STIHL chain saws.

WARNING! Improper use of any power tool may cause serious or fatal injury. Read, understand and follow carefully the operating and safety instructions in your instruction manual before using such products.

STIHL products sold through U.S. STIHL dealers are for distribution in the United States only.
