STIHL Magnum™

Series 1128

Professional Use

A perfect fit for the demanding professional, the MS 460 STIHL Magnum™ is one tough high-performance chain saw. High engine power and torque, resulting in an impressive power-to-weight ratio, make this tool a great all around professional chain saw for forest or tree service.

Standard Features

- IntelliCarb™ compensating carburetor
- Toolless fuel and oil caps with retainer
- Decompression valve
- ElastoStart™ starter handle
- Adjustable automatic bar and chain oiler
- Side-access chain tensioner
- Carburetor preheat shutter for winter/summer operation
- Heavy-duty air filter
- Wrap-handle version (R) (MS 460 R only)

STIHL recommends #3624 (33 RSC3 84) OILOMATIC® saw chain and 25" 3003 000 4030 Ematic™ guide bar combination.	

IMPORTANT INFORMATION

WARNING! The occurrence called "kickback" can cause serious or fatal injury. Always read the instruction manual carefully before using your saw. STIHL uses a green and yellow color-coding system to help you select a powerhead, bar and chain combination that complies with the kickback requirements of ANSI Standard B175.1 (gasoline-powered saws) and §30 of UL 1662/ ANSI Standard B175.1 (electric chain saws). Ask your STIHL dealer about safe operating procedures and the advantages of the STIHL Quickstop® chain brake, STIHL second chain braking system (Q), STIHL reduced kickback bars and STIHL low-kickback saw chains.

STIHL recommends the use of green reduced kickback bars and green low kickback chains on all STIHL chain saws.

WARNING! Improper use of any power tool may cause serious or fatal injury. Read, understand and follow carefully the operating and safety instructions in your instruction manual before using such products.

STIHL products sold through U.S. STIHL dealers are for distribution in the United States only.
