STIHL Magnum™

Series 1122

Professional Use

It's show time for the MS 650 STIHL Magnum™. Loaded with all the same high-performance features as the MS 660, this chain saw is designed for heavy timber cutting and other professional-use applications. With just the right amount of power— at a value price— this chain saw has the perfect combination to help complete your task.

Standard Features

- IntelliCarb™ compensating carburetor
- Decompression valve
- Fuel and oil caps with retainers
- ElastoStart™ starter handle
- Adjustable automatic bar and chain oiler
- Side-access chain tensioner
- Carburetor preheat shutter for summer/winter operation
- Heavy-duty air filter

Optional Feature

- Wrap handle version with extended chip deflector on sprocket cover

STIHL recommends #3624 (33 RSC3 84) OILOMATIC® saw chain and 24" 3003 000 4030 Ematic™ guide bar combination.	

IMPORTANT INFORMATION

WARNING! The occurrence called "kickback" can cause serious or fatal injury. Always read the instruction manual carefully before using your saw. STIHL uses a green and yellow color-coding system to help you select a powerhead, bar and chain combination that complies with the kickback requirements of ANSI Standard B175.1 (gasoline-powered saws) and §30 of UL 1662/ ANSI Standard B175.1 (electric chain saws). Ask your STIHL dealer about safe operating procedures and the advantages of the STIHL Quickstop® chain brake, STIHL second chain braking system (Q), STIHL reduced kickback bars and STIHL low-kickback saw chains.

STIHL recommends the use of green reduced kickback bars and green low kickback chains on all STIHL chain saws.

WARNING! Improper use of any power tool may cause serious or fatal injury. Read, understand and follow carefully the operating and safety instructions in your instruction manual before using such products.

STIHL products sold through U.S. STIHL dealers are for distribution in the United States only.
