STIHL Magnum™

Series 1124

Professional Use

With the MS 880 STIHL Magnum™ you get the most power of any STIHL professional chain saw. Designed for the big tasks, this saw is ideal for felling and bucking large diameter trees. Precision balanced with excellent handling and reliability, this chain saw will take up to a 59-inch guide bar— for the most demanding cutting jobs.

Standard Features

- IntelliCarb™ compensating carburetor
- ElastoStart™ starter handle
- Decompression valve
- One-piece cast muffler
- Side-access chain tensioner
- Heavy-duty air filter
- Extended chip deflector
- Wrap handle version (R)

STIHL recommends #3626 (36 RSC3 75) OILOMATIC® saw chain and 21" 3002 000 9123 Ematic™ guide bar combination.	

IMPORTANT INFORMATION

WARNING! The occurrence called "kickback" can cause serious or fatal injury. Always read the instruction manual carefully before using your saw. STIHL uses a green and yellow color-coding system to help you select a powerhead, bar and chain combination that complies with the kickback requirements of ANSI Standard B175.1 (gasoline-powered saws) and §30 of UL 1662/ ANSI Standard B175.1 (electric chain saws). Ask your STIHL dealer about safe operating procedures and the advantages of the STIHL Quickstop® chain brake, STIHL second chain braking system (Q), STIHL reduced kickback bars and STIHL low-kickback saw chains.

STIHL recommends the use of green reduced kickback bars and green low kickback chains on all STIHL chain saws.

WARNING! Improper use of any power tool may cause serious or fatal injury. Read, understand and follow carefully the operating and safety instructions in your instruction manual before using such products.

STIHL products sold through U.S. STIHL dealers are for distribution in the United States only.
