Electric
Series 1206
Mid-Range Use

Winner of the Tools of the Trade "Best in Test" award featured in the 2007 March/April issue.

With more power than the MSE 140 C-BQ but with all the same features, this award-winning electric chain saw gives you the benefit of an ultra quiet motor— so you won't bother the neighbors. Great for cutting small trees or pruning, the MSE 180 C-BQ is designed with a coast down brake in addition to the STIHL Quickstop® chain brake to stop the chain within one second of releasing the trigger.

Standard Features

- Toolless Quick Chain Adjuster (QCA) for fast and easy chain adjustment (**B**)
- Coast-down brake as an additional braking system (**Q**)
- Thermal overload cut-off switch
- Wide trigger switch
- Automatic cut-off when brushes become worn

Optional Features

- 12" (3005 000 7405) 14" (3005 000 7409) and 16" (3005 000 7413) Lightweight Ematic™ guide bars are also available

Recommended electrical extension cord wire size:

- 25 ft./14 AWG
- 50 ft./12 AWG

IMPORTANT INFORMATION

WARNING! The occurrence called "kickback" can cause serious or fatal injury. Always read the instruction manual carefully before using your saw. STIHL uses a green and yellow color-coding system to help you select a powerhead, bar and chain combination that complies with the kickback requirements of ANSI Standard B175.1 (gasoline-powered saws) and §30 of UL 1662/ ANSI Standard B175.1 (electric chain saws). Ask your STIHL dealer about safe operating procedures and the advantages of the STIHL Quickstop® chain brake, STIHL second chain braking system (Q), STIHL reduced kickback bars and STIHL low-kickback saw chains.

STIHL recommends the use of green reduced kickback bars and green low kickback chains on all STIHL chain saws.

WARNING FOR ELECTRIC CHAIN SAW USERS!

The fibers will not stop the sprocket on most electric chain saws because of their constant high torque.

WARNING! Improper use of any power tool may cause serious or fatal injury. Read, understand and follow carefully the operating and safety instructions in your instruction manual before using such products.

STIHL products sold through U.S. STIHL dealers are for distribution in the United States only.

Specifications

VOLTAGE	120 volt (60 Hz)
ENGINE POWER	1.8 kW (15.0 amps)
