### STIHL Cutquik®

#### Series 4221

#### Professional Use

There's one way to describe cutting through asphalt, concrete or metal — tough. Not anymore. The TS 460 STIHL Cutquik® cut-off machine provides all the power and portability you need to cut right through the demanding materials. With an excellent power-to-weight ratio, this compact and reliable cut-off machine is perfect for heavy-duty work on construction sites, deconstruction areas or rescue operations.

*(Abrasive wheel included. Diamond wheel (shown) is sold separately.)*

#### Standard Features

- Semi-automatic belt tensioner
- Three-stage advanced air filtration system
- IntelliCarb™ compensating carburetor
- Reliable electronic ignition
- ElastoStart™ starter handle and decompression valve
- Fully enclosed starter mechanism
- Precision cylinder and Two-ringed piston
- Water attachment comes standard
- Reversible cutting arm
- Able to be mounted on cart
- Anti-vibration system

#### IMPORTANT INFORMATION

**WARNING!** Never use carbide-tipped, wood cutting or circular saw blades on cut-off machines. They can cause severe personal injury or death from reactive forces, blade contact or thrown tips. Never cut wood of any type.

**WARNING!** Improper use of any power tool may cause serious or fatal injury. Read, understand and follow carefully the operating and safety instructions in your instruction manual before using such products.

STIHL products sold through U.S. STIHL dealers are for distribution in the United States only.
