The STIHL PolyCut™ is a multi- purpose cutting tool with three thermoplastic blades. Some models can also be fitted with up to .130" diameter flexible nylon line. It is ideal for lawn trimming or cutting close to walls and fences, around trees or between shrubs. The nylon line is particularly suitable for low grass. The thermoplastic blades can be used for mowing high-growing grass. See chart for a STIHL PolyCut™ that fits your trimmer.

IMPORTANT INFORMATION

WARNING! Improper use of any power tool may cause serious or fatal injury. Read, understand and follow carefully the operating and safety instructions in your instruction manual before using such products.

STIHL products sold through U.S. STIHL dealers are for distribution in the United States only.
